Subject: Dimock Daily Report - April 4, 2012

FYI--I mentioned a few congressional bullets again. I figure they should be mentioned up until the day of briefing/meeting. Let me know if this is accurate.

Thank you.

Dimock Daily Report

Date: April 4, 2012

FIELD ACTIVITY

Water Supply (Gerald Heston)

- Alternate water continues to be provided as necessary.

Water Sampling (Gerald Heston)

- No homes sampled today; no additional homes scheduled yet.

COMMUNICATIONS (Ron Borsellino/Gerald Heston/Helen Duteau)

- Director Ron Borsellino called Scott Perry, Deputy Secretary for Oil and Gas to inform him that EPA is calling and delivering packages to second round of residents.
- The CICs began delivering data packages for 15 of the 20 homes sampled during the second week (January 30-February 3, 2012) and expect to complete all of the deliveries except one, which will be delivered tomorrow.
- Two additional packages are being emailed to the residents. Two will be delivered tomorrow morning. Waiting for responses from four additional residents to schedule. (These add up to 23, not 20, because there are tenants at some homes, and both tenant and owner receive a data package.)
- Site team continues to finalize other data packages in preparation for roll-out over the next several weeks.

CONGRESSIONAL (Jennie Saxe)

- *Upcoming Staff Briefing: On April 5, 2012, Region 3, OSWER, and OECA will provide a briefing to House Science and Technology (minority) staff.
- *Joint EPA-DEP Briefing for Congressman Marino's staff: EPA has been contacted to re-schedule a joint briefing for the Congressman's staff with PADEP. Participants from PADEP would include Secretary Krancer and Deputy Secretary Scott Perry. This briefing will be held on April 18, 2012 at 10:00 a.m., pending confirmation of OECA and OSWER availability.

LEGAL ISSUES

- None reported.

Please let me know if you have questions.

**Reiterated from yesterday's Dimock Daily Report.*
